

Membership Application Form

The Consortium

The Web3D Consortium is a member-funded industry consortium committed to the creation and deployment of open, royalty-free standards that enable the communication of real-time 3D across applications, networks, and XML web services. The Consortium works closely with the ISO, MPEG and W3C standardization bodies to maximize market opportunities for its membership. All Consortium members are empowered to participate in Consortium Working Groups to contribute to Consortium specifications before public deployment - and are able to network with some of the leading experts in Web3D technology to accelerate the delivery of their cutting-edge 3D platforms and applications.
